

Last Minute Information and Reminders

FUNDRAISING DEADLINE

July 28th at 7:00pm is the deadline for the \$350 fundraising minimum and qualification for fundraising incentives. ALL participants must meet the \$350 minimum in order to participate. If you have not met your minimum by the deadline and have not contacted us to withdraw, your credit card will be charged for the difference. Our office will remain open until 7:00pm to accommodate any last minute donations you wish to drop off. Fundraising incentives will be available at packet pick-up.

If you have not met your minimum and wish to use a different credit or debit card than the one used at registration, please go to the fundraising website before 7:00pm on Thursday, July 28th. Click on Sponsor Athlete or Donate to an Athlete and enter your name into the search. Once on your page, use the new card to make a donation for the amount needed to reach your minimum.

Your fundraising website will remain open until November 15th and donations can be made online until the site closes. After November 15th, donations can be made by mail. Please note: donations made past the Thursday, July 28th, 7:00pm cutoff will not count toward fundraising minimums and incentive prizes.
